

We live in a VUCA world, April 2020

Agenda for interactive workshop

- Workshop Rules
- Testing swarm intelligence
- Pop Quiz about presentation

Workshop Rules

- Be engaged
- We are all here to learn
- Have fun

The post-corona era is going to be...

0
very bad

4
better than the pre-
corona period

41
completely different

When I think about the rest of 2020, the first word that comes into my mind is...

What's your personal "lessons learned" from today's presentation?

Be positive

Don't take anything for granted

Continuous learning

Todo es posible y nada es seguro

I need to prepare myself soooo much!

To understand how to face Vuca environment

Be positive and optimistic

Be aware and get prepared

Use this period to reinforce my network

What's your personal "lessons learned" from today's presentation?

Live the present because the future is uncertainly

Prepare to asume a big challenge

NOPA. Concepts are very interesting

VUCA need to be understood, then managed

focus on you, not on the outside. What you can do to change things

We still hace to world hard for make some improvements

VUCA requires NOPA

Open minds are the ones that learn.

We have to keep learning and adapting ourselves to the changes

What's your personal "lessons learned" from today's presentation?

To have a plan/goal

Show and share the vision!

I need to increase my international networking

Nao é o que acontece. O importante é a resposta que optamos por dar

Be positive

Approach challenges with an open mindset and courage

Be participative

adapt to change and grow

Virtual world came to stay

What's your personal "lessons learned" from today's presentation?

disposición al cambio, para ser ágil y aprender a convivir con multiples realidades

How important is to adpt to the changes and face them with openness

The NOPA concept as an alternative to VUCA

Positive attitude

Generate meaningful network

We need to keep on working!

all will be diferent

Focus on people

Take time to learn and network

What's your personal "lessons learned" from today's presentation?

be kind with and positive

There is no failure, there is learning

Se have the opportunity to learn

Open Mind

Don't hurry

Have a plan

How important is to chose your networking, openness, participation and agile

Be participative

Plans no always works

What's your personal "lessons learned" from today's presentation?

Generate meaningful network.
Be present.

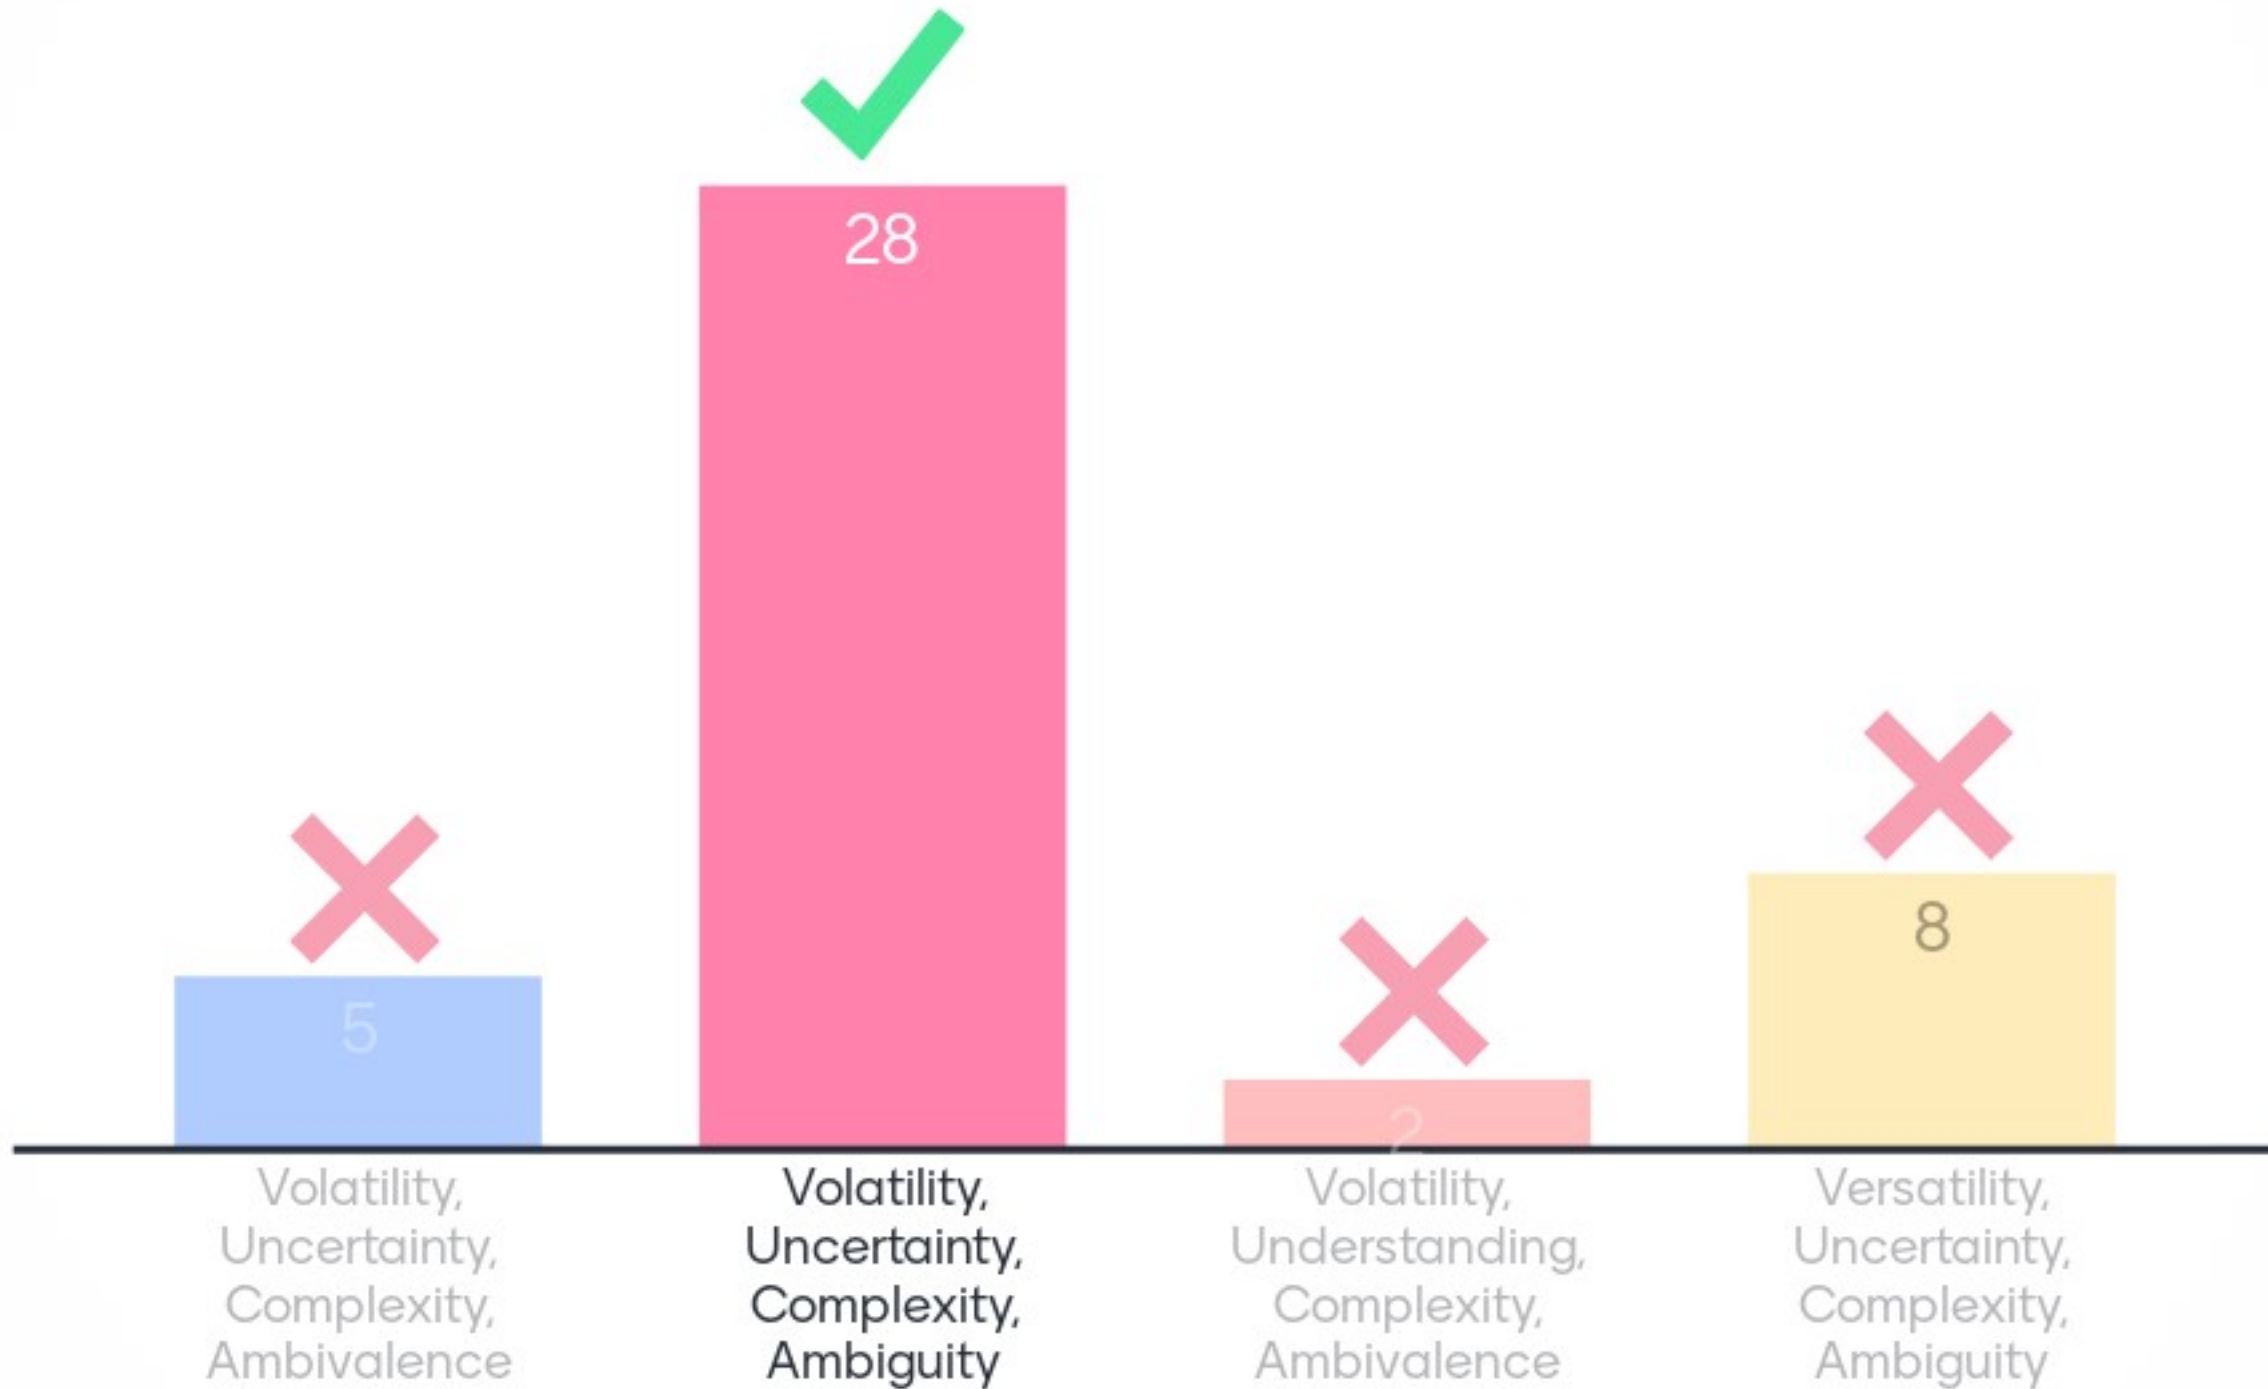

Meaning of what we are doing and where we are going.
Importance of networks. Travel as much as possible!!
And see Michael Jordan tv program in Netflix :)

Lo único seguro es el cambio

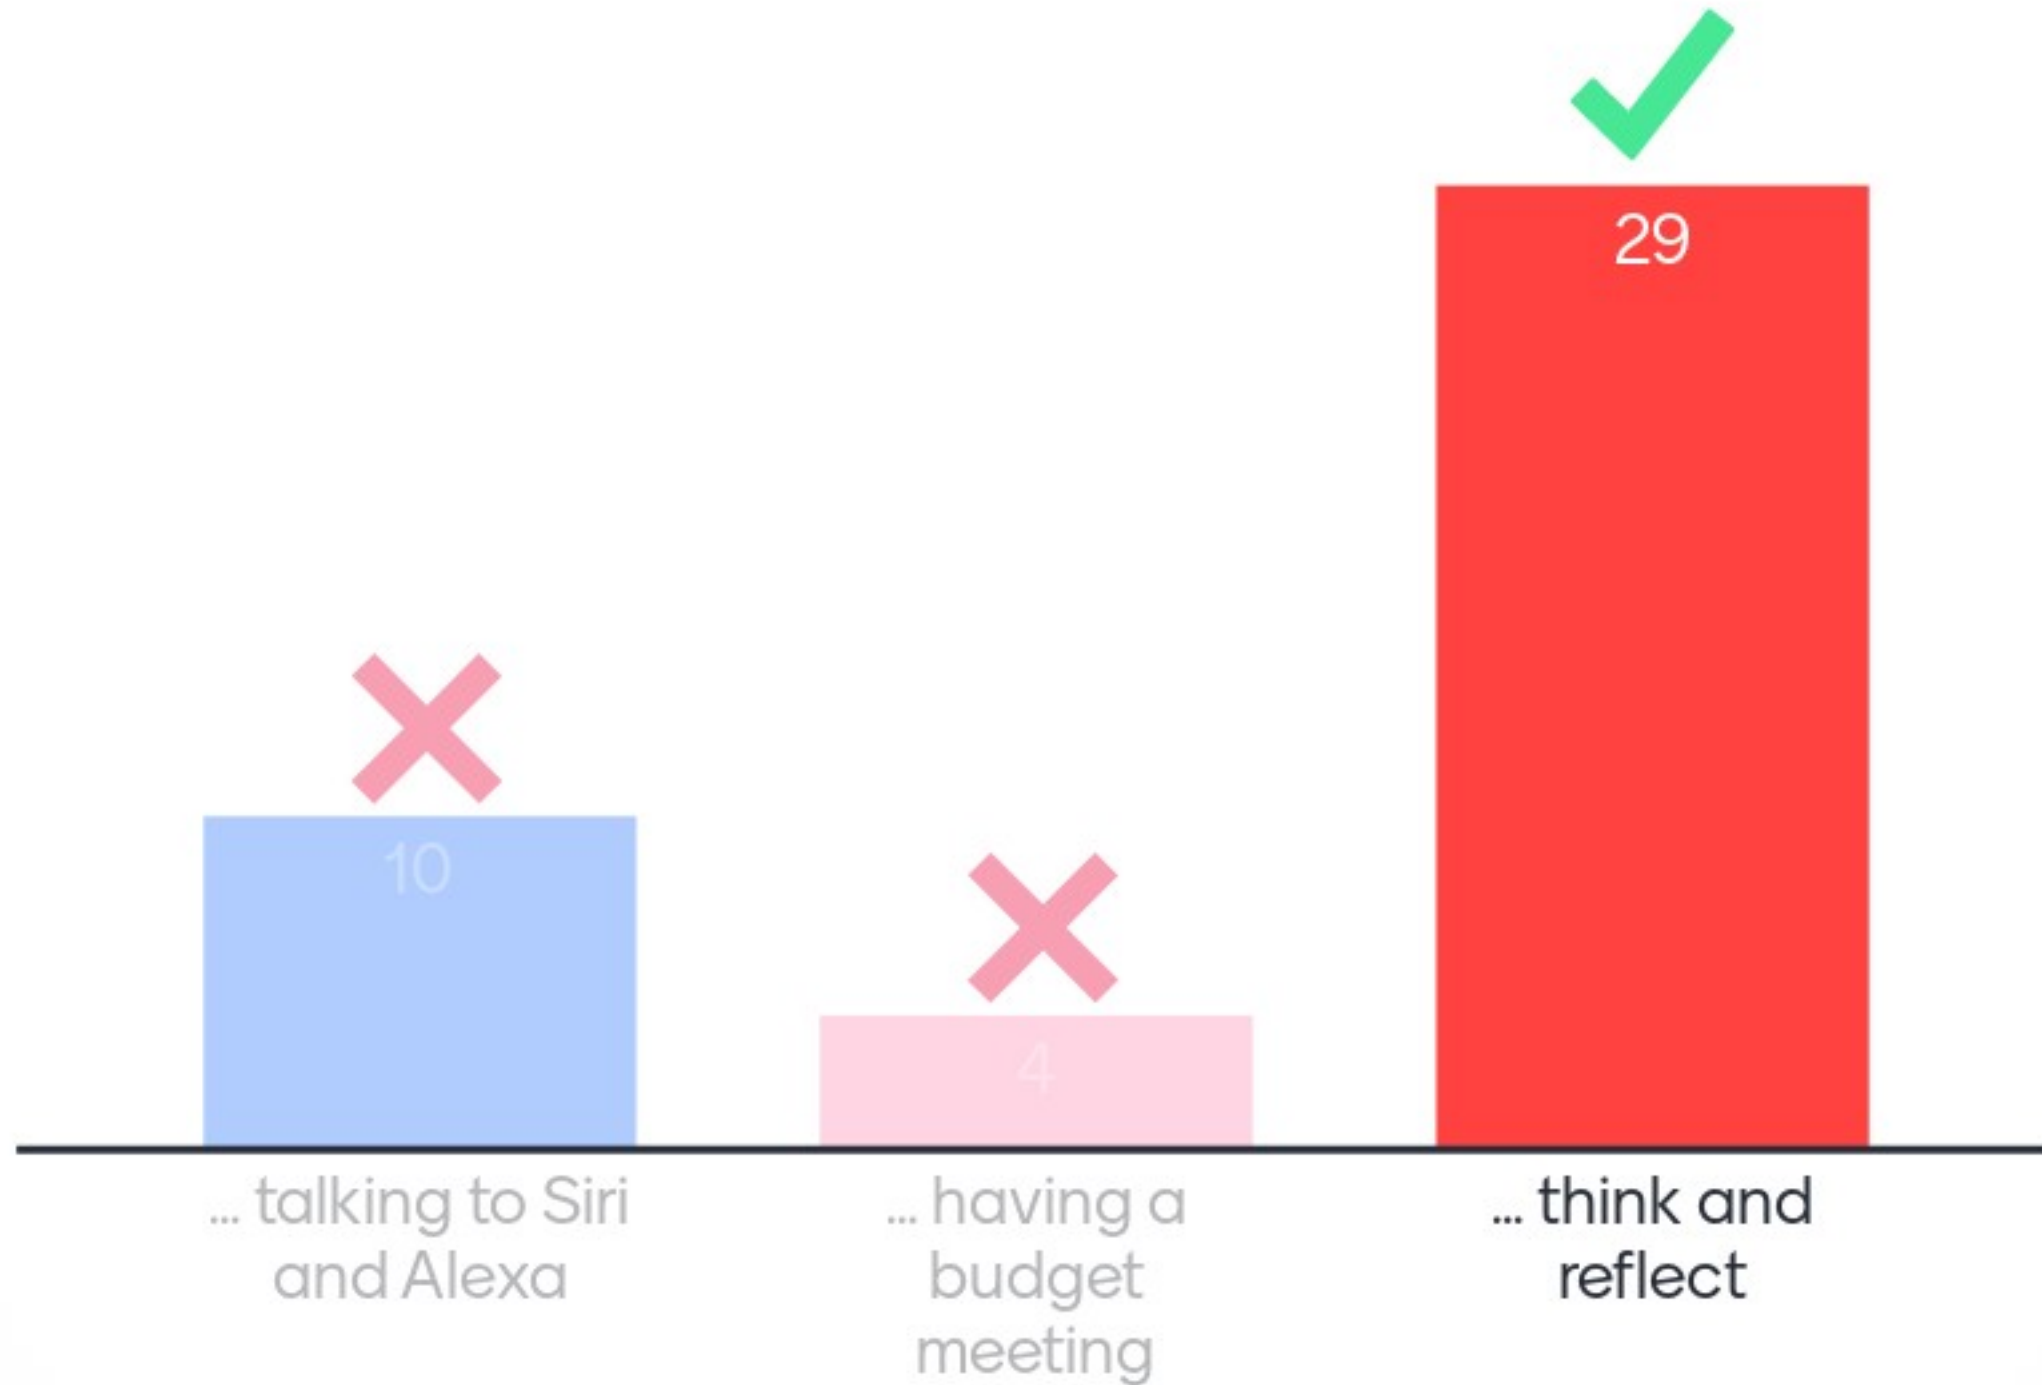

Agilidad

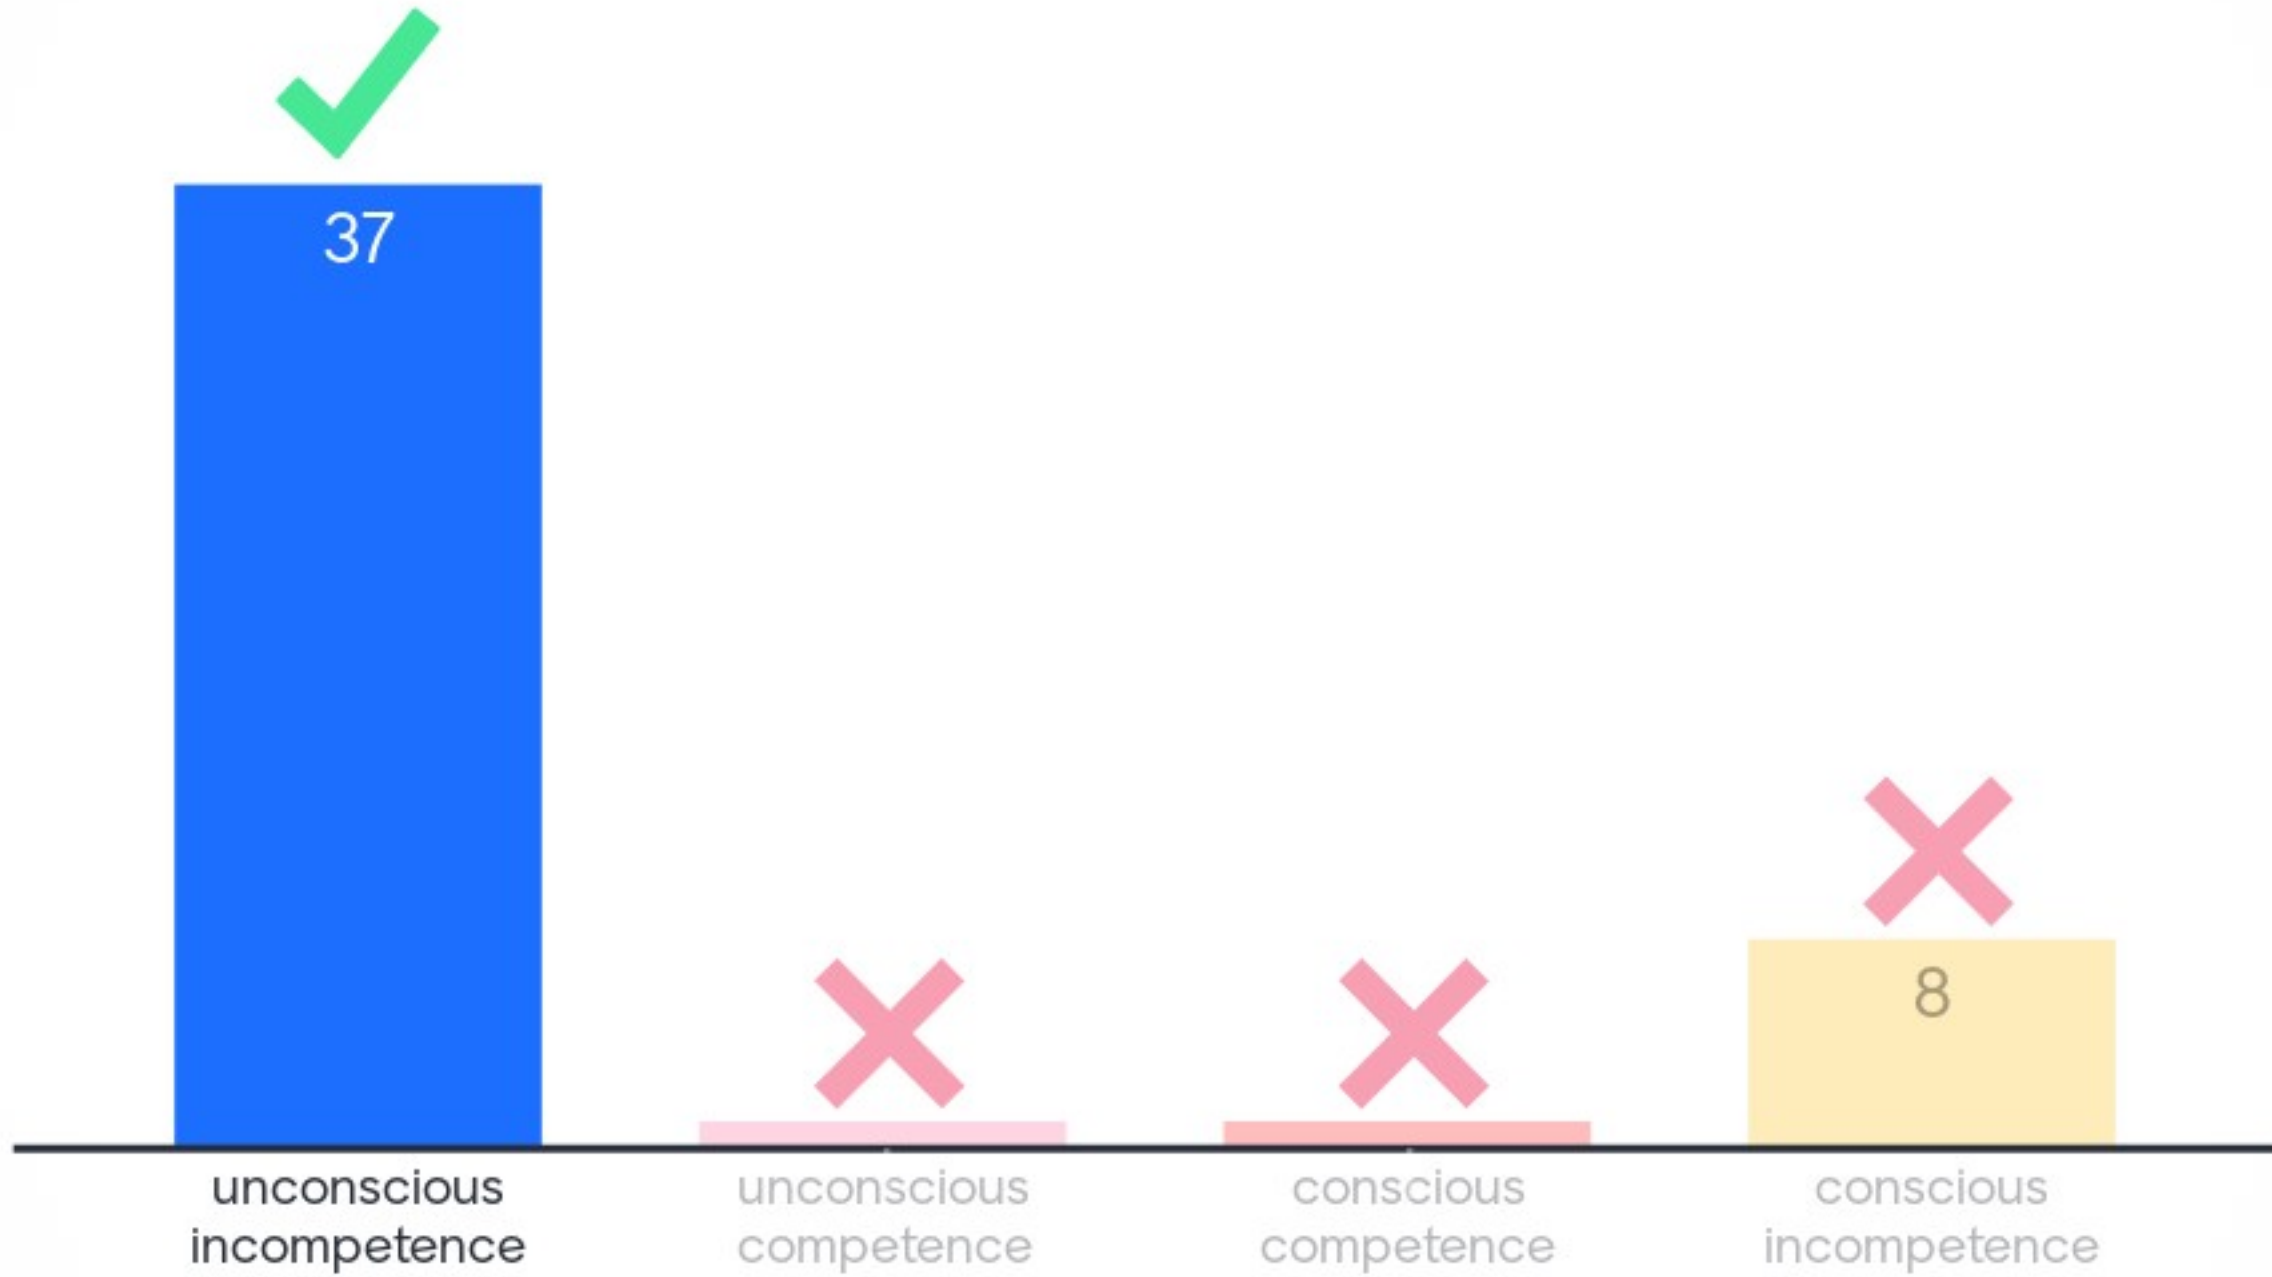

VUCA stands for..

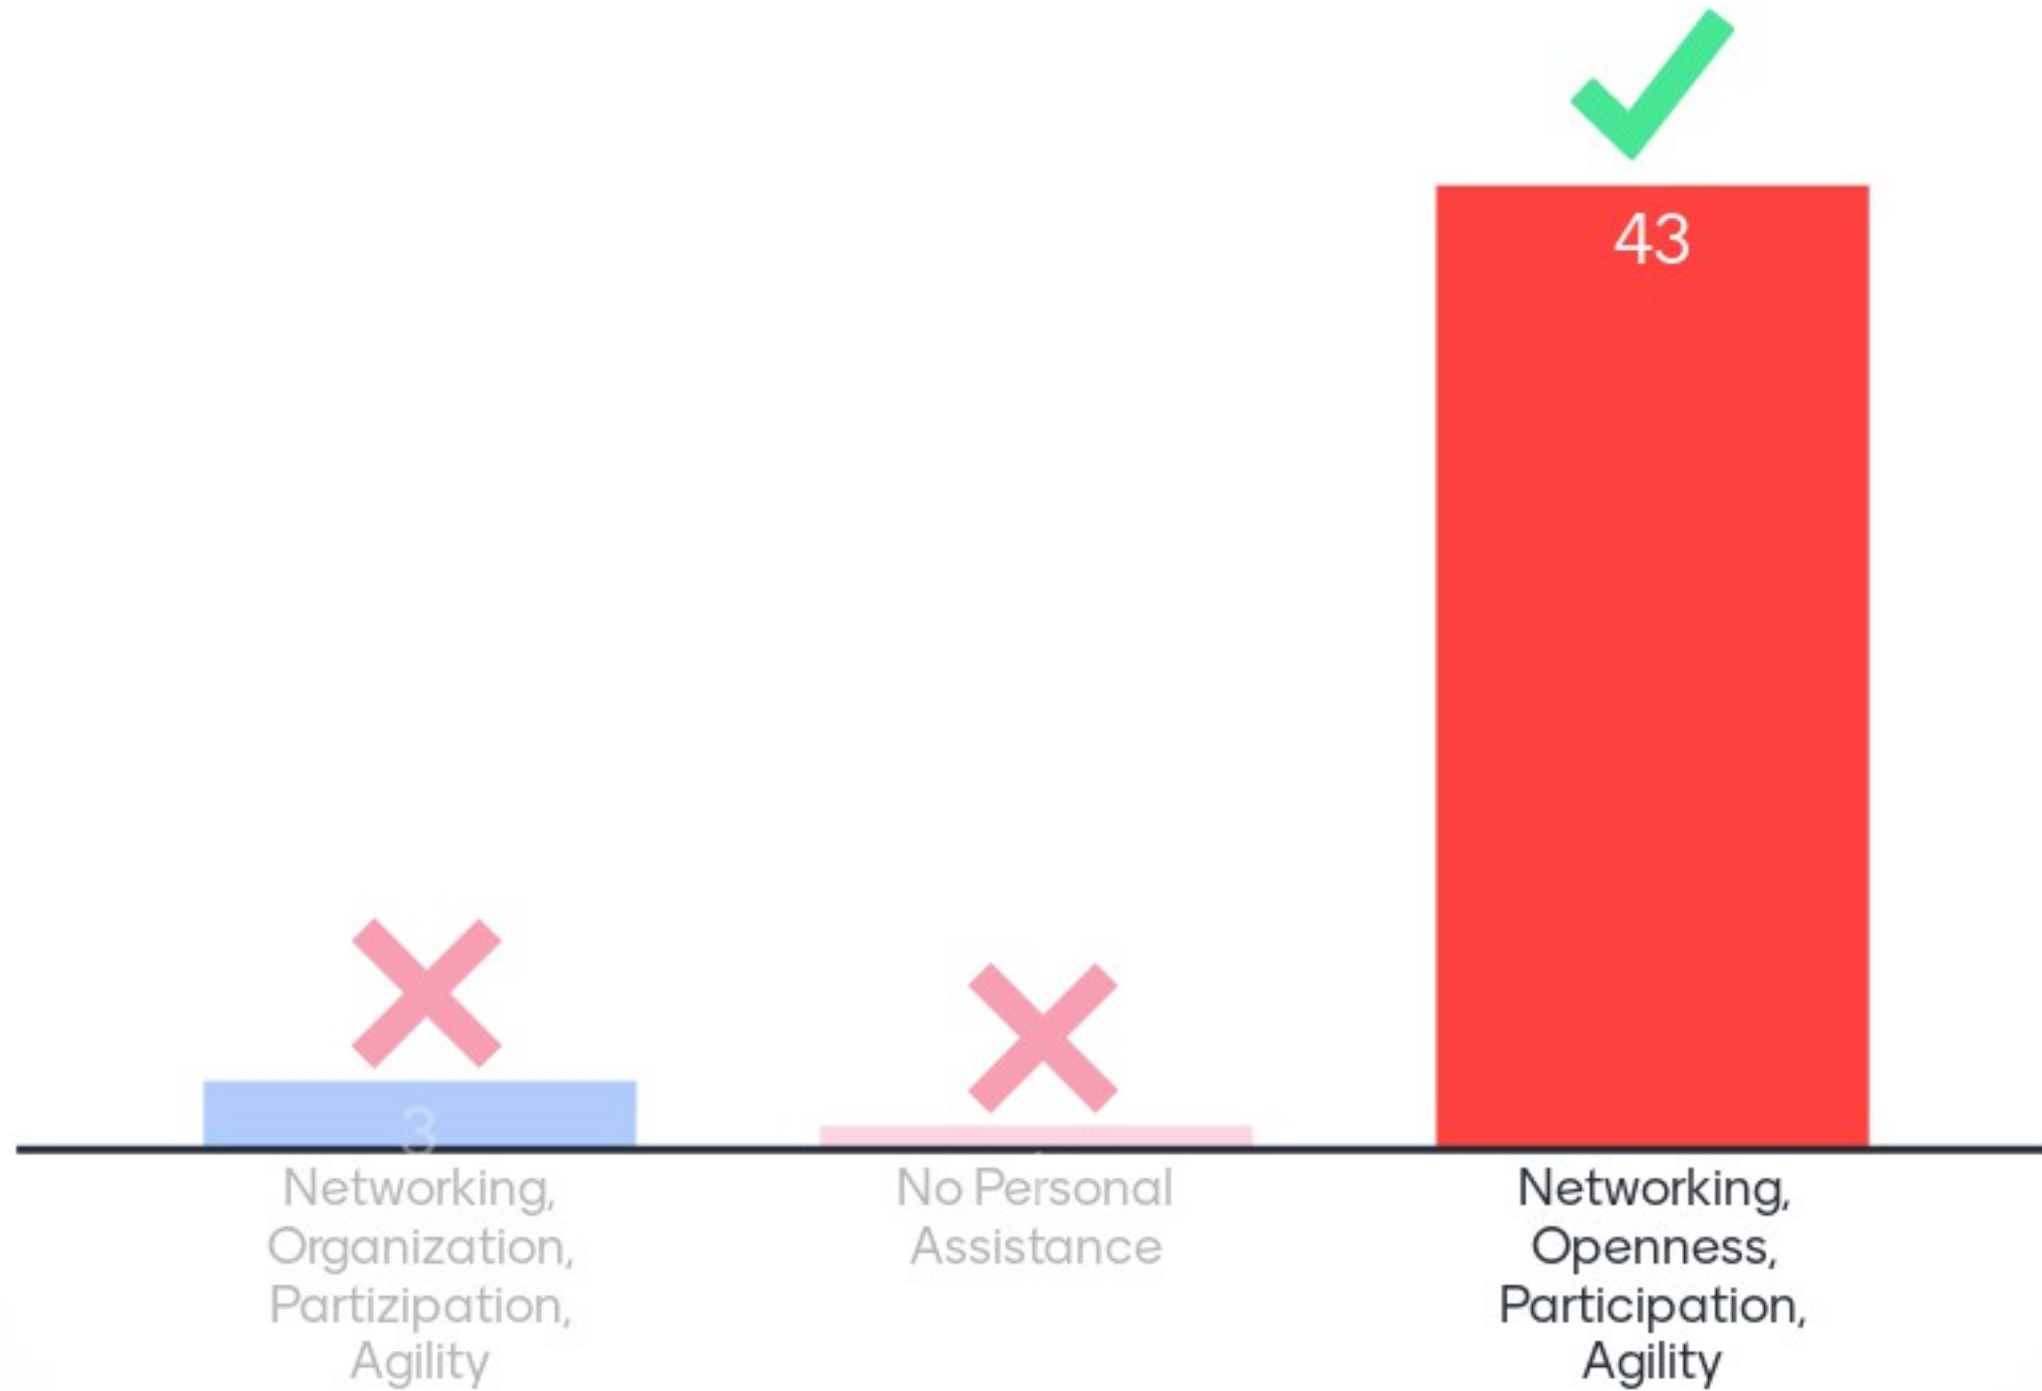

We click and scroll instead of

The lowest level of learning is...

NOPA stands for

And the winner is...
